Student Registration on the “NYPUNYAM” Portal

Venue: Computer Lab

Date: 09-09- 2026

Nodal Officer: Smt. Venkata Subbamma.

Introduction: -

As per the Principal's instructions, a special student facilitation programme was organised on 09-09-2026 to help II-Year and III-Year degree students complete their registration on the “NYPUNYAM” Portal.

Smt. Venkata Subbamma, Nodal Officer for the NYPUNYAM Portal, visited our college and facilitated the registration process. The programme was intended to ensure that eligible students successfully register on the portal and understand the importance and benefits of completing their registration.

Class teachers and concerned faculty members were instructed to communicate the programme details to their students and encourage maximum participation. Students were also instructed to bring their mobile phones

Programme Aims: -

The primary aim of the programme was:

To facilitate and ensure the successful registration of II-Year and III-Year degree students on the NYPUNYAM Portal by providing necessary guidance, technical assistance and awareness regarding the portal and its benefits.

Objectives of the Programme: -

The programme was organised with the following objectives:

1. To create awareness among students about the **NYPUNYAM Portal**.
2. To facilitate registration of eligible II-Year and III-Year students on the portal.
3. To provide students with step-by-step guidance during the registration process.
4. To assist students who face technical or procedural difficulties.
5. To encourage students to actively participate in digital initiatives related to higher education and student development.
6. To ensure maximum coverage of eligible students under the registration process.

7. To improve students' digital literacy and confidence in using online platforms.
8. To sensitise students about the importance of maintaining accurate personal and academic information while registering online.
9. To coordinate the efforts of the Principal, Nodal Officer, class teachers and students for effective implementation.
10. To maintain proper documentation and records of the registration activity for institutional purposes.

Programme Importance: -

The programme was organised under the guidance of the principal and staff. Before the programme, class teachers were instructed to inform their respective II-Year and III-Year students about the registration activity. Students were to attend the programme without fail and bring their mobile phones to complete registration.

On **09-09-2026**, Smt. Venkata Subbamma, Nodal Officer for the NYPUNYAM Portal, visited the college. Students were assembled in the computer lab for the registration procedure.

The Nodal Officer explained the registration process and assisted the students. Faculty members and class teachers extended cooperation in mobilising students and resolving basic difficulties.

Major Activities: -

The following activities were undertaken:

- Mobilisation of II-Year and III-Year students.
- Explanation of the registration procedure.
- Guidance in entering required student details.
- Technical support wherever required.
- Verification of registration status wherever possible.
- Coordination between the Nodal Officer, faculty members and students.

Role of the Nodal Officer: -

Smt. Venkata Subbamma, Nodal Officer, played a key role in the successful registration programme.

Her responsibilities included:

1. Explaining the registration procedure to students.
2. Providing technical guidance.
3. Assisting students in overcoming registration-related difficulties.
4. Coordinating with faculty members and class teachers.
5. Encouraging students to complete the registration process.

Role of NYPUNYAM Coordinator: -

- Informing students and faculty members about the registration programme.
- Encouraging students to participate without fail.
- Instructing students to bring mobile phones.
- Mobilising students for the programme.
- Maintaining discipline and orderly participation.
- Assisting students wherever necessary.
- Coordinating with the Nodal Officer.

Outcome of the Programme: -

The direct interaction with the Nodal Officer helped students understand the registration procedure and resolve difficulties encountered during the process. The programme also encouraged students to develop greater confidence in using online educational platforms.

Conclusion: -

The **NYPUNYAM Portal Registration Facilitation Programme**, organised on **09 September 2026**, was an important student-support initiative that enabled II-Year and III-Year students.

The visit of **Smt. Venkata Subbamma, Nodal Officer**, provided students with direct guidance and technical assistance. The active cooperation of the Principal, Nodal Officer, faculty members, class teachers and students contributed to the smooth conduct of the programme. The programme not only facilitated portal registration but also promoted **digital awareness, student participation, technological competence and institutional coordination**.
